<b>Luxilon Alu Power Rough Big Banger - 1.25mm Silver</b> <i>Ideal for players who want more spin. Textured surface.</i>	£23.00

HYBRID TENNIS STRINGS

A Hybrid tennis string is a combination of a durable main string and an elastic cross string, for frequent string breakers who are looking for power but requiring an element of feel at the same time. Choose your main string as either a 'Spin/Power/Durability' string and combine with a 'Feel' string as your crosses. For example –

**Mains - Prince Tour Xtra Power – 1.25mm Crosses - Prince Premier Touch – 1.30mm** £20.00

**YOUR OWN STRING – provide your own string** £8.00
